# April

---

---

T.S. Eliot was right: April may just be the cruellest month—the relentless cold rain can dampen even a seasoned gardener's spirits. Luckily, April is also the month of Seedy Saturdays around our province (some start earlier), a chance for gardeners to get together and exchange or purchase seeds, learn new skills and share stories and advice before we all get too busy outdoors.

I am especially looking forward to April 17<sup>th</sup> this year when I will be attending the Spryfield edition of Seedy Saturday at the Capt. William Spry Centre and selling copies of my book, Grow Organic (due to be launched on March 23<sup>rd</sup>, 7 p.m. at the Spring Garden Road library) Hope to see you at one or both of these fine events!
